CS62: Fall 2026 | Quiz #5

Name: _____ *Score:* _____

1. We've seen four search algorithms in this class. For each search algorithm, list one situation where we would use that search algorithm over the other three:

Insertion sort:

Selection sort:

Mergesort:

Quicksort:

2. What is your favorite sorting algorithm and why? It doesn't necessarily have to be one of the four above.
