Department of Computer Science

IMPORTANT INFORMATION FOR CSC 051 STUDENTS

To obtain an account for CSC 051, you must go to the following web page:
http://www.dci.pomona.edu/
to register for an account on the Computer Science computer cluster. Your regular
Pomona College account will not give you access to these machines.

When you bring up the page, you will see a list of options along the left margin. Under
the heading DCI Tools, click on "Request an account". Fill out the form that pops up.
Most entries will be obvious. For login shell, select "bash". Be sure to check the box for
CS 51 at the bottom of the page. When everything is filled out correctly, click on the
"Request Account" button on the bottom of the page.

Please try to fill out the on-line form sometime by Thursday! If you can't get to a
computer to do this until later, go ahead and fill it out anyway, but you may have a delay
in getting access to your account at the beginning of lab on Monday.
