

In-Class Worksheet #12
CS62 - Fall 2024
Alexandra Papoutsaki

1. Using selection sort, sort the array with elements [12,10,16,11,9,7]. Visualize your work for every iteration of the algorithm.

2. Using insertion sort, sort the array with elements [12,10,16,11,9,7]. Visualize your work for every iteration of the algorithm.
